

SINGLE-WALL PAPER CUPS

VG single wall paper hot cups are made for serving hot beverages like coffee, tea, or cocoa.

Due to our state-of-the-art German forming machines, our cups feature a smooth rolled rim that ensures a leak proof lid fit.

We offer in a variety of sizes to suit multiple drinks and up to 6-color prints.

DOUBLE-WALL PAPER CUPS

VG double-wall paper cup provides excellent heat insulation effects. The built-in thermal layer protects hands from heat and keeps drinks at appropriate temperature, and the outside of the cup comfortable to hold. The form-fitted sealing lid keeps beverages hotter longer and secure.

Comfortable

Distinguishingly smooth outer wrap makes for a perfect surface to print clear and unambiguous artwork.

Built-in thermal layer makes the outer surface smoothly & comfortable handhold feel and tactile impression for customers.

Sturdy & Durable

Our secure and form-fitting lid creates a superior sealed barrier which helps prevent leaks.

The inner air space helps conserve heat within the contents of the cup, as well as maintaining a cool to the touch outer wall.

Special wider bottom design provides better stability for placement.

MAXIMUM OUTSIDE SURFACE TEMPERATURE IN THE FIRST 3 MINUTES

Hot water initial temperature 91°C / 196°F
ROOM TEMPERATURE : 25.4°C / 77.7°F

THE BEST CHOICE FOR THE SUSTAINABLE GROWTH OF THE PREMIUM BEVERAGE SEGMENT

PAPER COLD CUPS

Whatever your beverage of choice, soda, juice, mixed drink or iced tea, VG paper cold cups are your best option. The double poly coating provides superior water resistance and high-gloss graphics capabilities. The combination of fresh wood fiber paper board and our state-of-the-art German machinery make for strong cup sidewalls and smooth rims for a leak-resistant lid fit. We offer in a variety of sizes to suit multiple drinks and up to 6-color prints.
